## Revolutionists Digging In.

WASHINGTON, May 13.—Reports from American and Mexican sources in Mexico appeared tonight to indicate that the revolutionists were settling into a new position, notwithstanding the uncertainty that still surrounded the fate of Carranza and reports of Federal activity in a restricted area in the North.

Announcement was made by the revolutionary agents that General Manuel Dieguez, nephew of General P. Elias Calles, at San Luis, a small town in Mexico, early today took possession of the town under the Carranza regime, according to a message received here and later corroborated.

## BAPTISTS APPEAL TO BOTH PARTIES FOR DRY PLANKS

(Continued From First Page.)

Dr. E. J. Dillard, of Birmingham, Ala., spoke of the need for Christian education among the students of the South, and Dr. John E. White, of Anderson, S. C., described the illiteracy prevalent in the South, which he declared, it was the duty of the Baptists to remedy. Dr. A. P. Robertson, of the Baptist Theological Seminary, Louisville, Ky., discussed the problems of theological training for ministers.

Work accomplished by the foreign mission board for the year was reported by Dr. J. F. Love, of Richmond, Va., secretary of the board, who told of the gratifying results obtained by Baptists in foreign fields and called upon the convention to redouble its efforts to increase the forces of the denomination among the nations of the world.

## Campaign Commencement Reports.

Reports of the \$75,000,000 campaign commission and the Baptist denominational press were taken up in the afternoon. During the week's drive last fall for the Baptist fund pledges totaling \$92,630,923 were obtained. Dr. L. R. Scarborough, of Ft. Worth, Texas, general director of the campaign, said the convention, of this sum \$12,232,827 has been received in cash. Expenses of the campaign were \$849,332, or less than 1 per cent of the amount. The pledges are to be redeemed within five years.

## Campaign Big Success.

The campaign was a great success in the face of enormous difficulties, Dr. Scarborough reported, and the fund was raised despite the strikes which beset the country, bad weather and the number of drives for money which had preceded it. He paid tribute to the co-operation of the various organizations of the South which had made the campaign possible.

## PUBLIC BUILDINGS ARE DESTROYED BY IRISH

Armed and Masked Men Throughout Ireland Loot, Kill and Burn—Anti-Sinn Fein Newspaper Editors Are Tarred and Feathered.

(By Associated Press.) DUBLIN, March 13.—At least nineteen police barracks in various parts of Ireland were wiped out in the course of wide-spread destruction of public property, and other activities by bands of armed and masked men in various parts of Ireland last night. Five income tax and customs offices also were raided and papers found in them burned.

Two mail cars and one mail train were held up and official papers taken from them.

One man was killed in the outskirts of Dublin, where barracks were being burned.

The Rev. T. G. Wilkinson, one of the canons of Down Cathedral, at Downpatrick, was shot and critically wounded while pursuing raiders on the street.

The houses of two newspaper editors were raided and one anti-Sinn Fein editor was tarred and feathered. Some of the police barracks destroyed were unoccupied, and others were inhabited only by the custodians.

The reports of the raiders' activities have been pouring in all day from numerous sections.

## Confere on Government Policy.

LONDON, May 13.—Reports of an unusual number of activities by armed and masked men in various sections of Ireland were received in London today. The reports began trickling in early in the morning, and by noon had reached the proportions of an avalanche. As at Easter time many police barracks were attacked at mid-afternoon that office was without advice concerning the events mentioned in the reports.

Meanwhile Viscount French, viceroy, was in London for a conference with Andrew Bonar Law, the government leader in the House of Commons regarding the policy to be pursued, with a view to the restoration of order in Ireland.

The reports of the demonstrations followed closely the announcement made by Bonar Law in the House of Commons yesterday, that General Sir Nevill Macready, military commander of Ireland, was inaugurating new plans through which it was expected conditions would be improved.

The Gospel was emphasized by Dr. L. L. Gwaltney, of Birmingham, Ala., who made the annual report of the Southern Baptist Press Association, an organization of editors of Baptist papers. Through their denominational papers Baptists are kept in touch with the progress of their religion all over the world, he declared.

## Committee on Organizations.

Upon the suggestion of Dr. O. L. Bailey, of Nashville, Tenn., a committee was appointed to perfect the organization of future conventions and work out a system for conducting its deliberations. The unprecedented attendance at the present session, which has required overflow meetings, has rendered the convention unwieldy, it was said.

Greeting and best wishes were conveyed to the convention in a telegram from the colored Baptists of Virginia, which was read in the four quarters of the globe.

Suggestion to move the national headquarters of the Woman's Missionary Union from Baltimore to Nashville was made today at the opening of the thirty-second annual session of the organization by Mrs. James J. Jackson, of Little Rock, Ark. Objection was made, however, to moving at present in view of the high cost of rentals and the general unrest throughout the country.

## FINANCIAL CONFERENCE IS INDEFINITELY POSTPONED

## U. S. POSITION IN WORLD REVERSE OF ISOLATION

Secretary of State Colby Addresses Members of Chicago Bar.

(By Associated Press.) CHICAGO, May 13.—America's position in the world today is "quite the reverse of isolation," Secretary of State Colby declared in an address tonight before the Chicago Bar Association, in which he defended the league of nations and pointed out that the United States had been saved from the actual test of war in defending the Monroe Doctrine.

Declaring the advice of Washington and Jefferson in regard to European alliances had been "interpreted in some quarters as meaning that the United States must hold aloof from world politics," the secretary said that "Washington expressly declared himself as not averse to temporary alliances, nor did Jefferson object to alliances for the accomplishment of definite objects. Neither Washington nor Jefferson intended that the American States should refrain permanently from the exercise of its influence in matters which properly concerned the peace and welfare of nations."
